

## BLOCKADE STUFF

That Was Sent From North Carolina to Macon Parties, WILL BE SOLD IN ATLANTA

Counterfeit Money in Macon—Who Will Be?—Rhodes Danforth's Franchise Movements.

Macon, Ga., August 22.—(Special.)—Yesterday afternoon Deputy United States Marshal found and seized twenty-one packages of blockade whisky that came from North Carolina to Macon parties. It was found in the back of the Macon and Northern and East Tennessee railroad. The whisky was thus shipped in order to evade the tax of 90 cents on the gallon. The whisky will be sent to Atlanta and old at public outcry. Considerable blockade whisky has been sent to Georgia lately. It is calculated that a North Carolina party has made \$2,000,000 by shipping blockade whisky.

**Is Has Taken Charge.**

Mr. H. S. Graves, of Jones, has taken charge of the office of deputy revenue collector of this district, with headquarters at Macon. He was recently appointed by Internal Revenue Inspector Paul Tamm, of New York. Mr. Graves has his office on the third floor of the United States government building in this city. He succeeds Mr. Dick Nelson who made a good officer and rendered the government excellent service. Mr. Graves is a very genial and courteous gentleman, and he was not doubt, discharge his duties faithfully and efficiently. Mr. Graves was appointed on recommendation of Congressman Canabaris. The office will pay him from \$1,800 to \$1,500 per year. There were numerous applicants for the place.

**Much Counterfeit Money.**

It is reported that considerable counterfeit money is in circulation in various parts of the country, and is being passed principally on small country merchants. Recently a large amount of counterfeit silver dollars and halves were found being in a lot on Fourth street. The officers think they have the parties spotted who placed the counterfeit money in the lot. The counterfeit money was made last night by deputy United States marshals of the county. Their trial was postponed today by Commissioner Erwin.

**The Committee has already started.**

On last Sunday the congregation of St. Joseph's Catholic church decided to appoint a committee to cooperate with committees from Catholic churches in other cities to consider the celebration of the twenty-fifth year of Bishop Beck's episcopacy. The information came from Savannah that the time decided upon for the celebration of the twenty-fifth anniversary of the laying of the cornerstone of the cathedral in Savannah. The actual date of the celebration is the twenty-fifth anniversary of the laying of the cornerstone of the cathedral in Savannah. The celebration of the twenty-fifth anniversary of the laying of the cornerstone of the cathedral in Savannah. **Who Will Be?**

It will be remembered at the last state convention of the Georgia Press Association recently held at Macon, a resolution was passed appropriating from the treasury of the association \$100 to defray the expenses of a young lady at the Georgia Institute of Technology. The young lady was named Ellen Dorchester, the well known and highly gifted editor of the Atlanta Constitution. President Canabaris was authorized to appoint a committee of award to whom all applications for the position were to be made. President Canabaris has appointed the committee, and Rev. John Watson, of Macon, the veteran newspaper man and publisher is chairman. John Driplett, of Savannah, and Miss Ellen Dorchester, of Macon, are the other members of the committee. Applications can be forwarded to either of the committee. This is a splendid opportunity for this young lady to obtain, not only a free education, but all expenses of board, etc., paid while she is attending college.

**More of the Sudden Death.**

The constitution this morning contained an account of the sudden death of the famous stallion "Grandmont," the property of Mr. Henry Waterman, of Macon. Further particulars of the matter were received today by letter from Mr. Waterman, the owner of the horse. Three hours, on a Sunday, the stallion was found dead in the lead, and he had been trotting and lead, he was noticed to suddenly throw up his head and nearly fall. He continued in a staggering sort of run, until he fell on the lead, and as he passed third under the string, he fell dead on the track. He had ruptured a blood vessel near the heart.

**An Interesting Case.**

The city court has been engaged all day in the trial of the case against H. Heiman, a man who has been charged with the murder of his wife. Heiman was charged with the murder of his wife, and the case is being tried in the city court.

So certain a cure every case of Catarrh is Dr. Sage's Catarrh Remedy that its proprietors make you this offer: "If you can't be cured, permanently, we'll pay you \$500 cash."

## ATHENS WELCOMES THEM ALL

But Refugees Can't Change Cars at Macon.

Mr. Booth Dead.

Athens, Ga., August 22.—(Special.)—Although the gates of Athens were opened to the yellow fever refugees and to the effect sent to the mayor of Brunswick. It is probable that only a few of them will come here, as the Macon officials positively refused to let any of the Brunswick passengers change cars for Athens when they passed through that city, and the only way they could get here was to go around by Atlanta, which is nearly a hundred miles out of the way.

The following special received from Macon this morning explaining the condition of affairs there:

"The news that the gates of the city of Athens were open to the yellow fever refugees was conveyed to the incoming trains from Brunswick at 4:35 and 7:45 o'clock this morning, but owing to the strict quarantine of the city, the trains were prevented from stopping in the city limits, and the passengers not allowed to leave the cars.

"Many passengers wanted to go to Athens, having received telegrams that the gates of Athens were open to them, but the doors of the cars were locked and no one allowed to enter or leave the trains. The passengers were forced to go to Atlanta and beyond.

"Had it not been for this strict quarantine a large crowd would have gone to Athens. The citizens of Brunswick feel grateful for the kindness and generosity of the citizens of Athens for extending them the hospitality of their city in this hour of trouble."

**Mr. Thomas Booth Dead.**

Yesterday afternoon at 4 o'clock Mr. Thomas Booth, of Watkinsonville, died. He was one of the most prominent citizens of Oconee county, having been treasurer of that county ever since the county was cut off from Clarke and made distinct.

He was also treasurer of Clarke county before the county was divided up. He had amassed quite a fortune in the forty-four years of his life and was always a man of great prominence and influence.

His sickness has been a long and painful one.

**Personal Notes.**

Mr. W. P. Briggs left this morning to take charge of the railroad station at Dawson, Ga.

Arthur P. Bishop, formerly of this city, but now pastor of a Presbyterian church in Cincinnati, has returned to this country after fifteen months' travel in Europe.

Mrs. T. R. Cobb left this morning for a few weeks' stay at Mount Airy. She will only be in the city for a few days.

May Hull accompanied Mrs. Cobb, but will not stay at Mount Airy. She is expected to return to Athens tomorrow.

Captain and Mrs. W. C. Welch have returned from a month's sojourn at White Sulphur Springs.

**WATSON AT KENNESAW.**

The Third Party Leader Addresses a Good Crowd at Macon.

Kennesaw, Ga., August 22.—(Special.)—The people's party had a picnic at their own today and came from far and near to listen to political doctrines as expounded by their favorite leader.

At Macon, Hon. John Sibley and Mr. Cunningham and James Sibley joined Messrs. Watson and McGregor, as did a number of others, who impelled by curiosity, wanted to hear Mr. Watson. At Kennesaw, a goodly crowd and the brass band were present. They repaired to the large grove that during the war was used as a recruiting station for confederate soldiers. There a stand had been erected which was decorated with foliage and flowers. Seats had been arranged for the audience, and the rising hillsides. The crowd there assembled was one that represented chiefly the strongest third party sentiment as found in the adjoining counties for miles around. Many of the delegates came from the ground the previous night. The estimate of the crowd places it at anywhere from 2,000 to 3,000. (2,000 was perhaps nearer the actual number and it was made up of an equal number of men and women).

While Mr. Watson was resting and getting ready to speak, Mr. McGregor entertained the crowd with a talk urging them to take his paper. Upon arriving on the grounds, Mr. Watson was greeted with subdued applause.

The exercises were opened with a prayer by Mr. George Roberts, who invoked divine aid to allay prejudices and let reason govern.

Mr. John Sibley then introduced Mr. Watson, as the "greatest man in the United States."

In opening, Mr. Watson said he hoped the audience would not hold him responsible for the actions of the party. He then launched forth in a skillful plea for fair discussion and for attributing honest motives to those who differed with him. It did not take him long to get to the democratic pledges, out of which he tried to make as much capital as possible and paid his compliments in the connection to Messrs. Livingston, Moses, et al. His remark, "God pity the man who would be responsible for the lives of millions on the stump," called forth applause.

On the tariff question, he argued that the tariff could not be reduced because of the expenses of the government and low it, that the only solution of the question was to pass an income tax, and that the democratic party had been in favor of that. His idea was to tax income, to pass an income tax, and that the democratic party had been in favor of that. His idea was to tax income, to pass an income tax, and that the democratic party had been in favor of that.

He then turned to the question of the money market, and said that the money market was in a state of confusion, and that the democratic party had been in favor of that. ## FIRE SWEEP.

All the Business Portion of White Plains in Ashes.

THE FIRE WAS AN INCENDIARY ONE

And the Entire Town Suffered—Many Residences Destroyed and Damaged. The Losses in Detail.

Greensboro, Ga., August 22.—(Special.)—A destructive fire almost destroyed White Plains, in the southeastern portion of the county last night about 1 o'clock.

The town has about five hundred inhabitants and most of the residences are built near the business center. On the main street stood the large mercantile establishment of W. M. Tappan & Son, known throughout this section, as the white house. About it clustered other business houses and some residences.

The fire was discovered about 1 o'clock, and when first seen was bursting through the second story, over the office. When the citizens reached there the store was wrapped in flames and nothing was saved, the heat being so intense as to drive all away from it.

A northeast wind was blowing and the fire spread rapidly to the store of Mr. Randolph Tappan. This was burned and the adjacent dwelling of Mrs. W. M. Tappan. The wind then veered and the fire spread to the store of Dr. C. C. King, and the dwelling of Mrs. J. O. Wright, and the three buildings adjacent. Then the stores of J. M. Moss, Zack Walker, the post-office and the large building of Tappan & Merritt followed. Then the Wood shops and chain shops of W. L. Grant & Son, in which there was a large amount of new and improved machinery, was destroyed. The fire was checked before reaching Mr. Grant's home, and also Dr. J. H. Kilpatrick's dwelling. Had these burned nearly every home in the town would have been in ashes this morning.

**The Losses in Detail.**

The loss, as far as can be ascertained, will range between \$50,000 and \$60,000, with only \$12,000 insurance. About \$1,200 worth of goods in all were saved.

The losses are divided about as follows: W. M. Tappan & Son, \$12,000, with \$7,000 insurance; Dr. C. C. King, \$2,500; no insurance; Masonic lodge \$500; no insurance.

W. A. Stephens, \$300; no insurance. Randolph Tappan, \$1,500; no insurance. P. M. Moss, \$3,000; \$2,000 insurance. Zack T. Walker, \$6,000; \$2,000 insurance.

W. L. Grant, \$3,500; no insurance. Mrs. W. M. Tappan, one dwelling, fully covered by insurance.

Postoffice small loss. Henry Copeland, \$300; no insurance. White Plains was one of the thirteenth towns in middle Georgia, and the business men were full of energy and enterprise.

The terrible loss in the severe blow to Tappan & Merritt, \$6,000; no insurance. The town, but with their pluck and energy they will go to work to rebuild the stores and houses swept by the flames.

It is supposed that the fire was of incendiary origin, as the front of W. M. Tappan & Son was found open when the fire reached the scene. As no one could enter on account of the heat it could not be ascertained whether any goods had been stolen, but this is the presumption that the store was robbed and then fired.

The people are cheerful and resolute. They attended a big meeting as though nothing serious had happened.

## THERE IS NO DANGER

The Board of Health Refuses to Quarantine Against Brunswick.

## YELLOW FEVER CAN'T SPREAD HERE.

Over Two Hundred Refugees Arrive Here Yesterday from Brunswick. No Suspicious Cases Among Them.

"If there were a relative of my family, I would not hesitate to let my wife nurse that man. And if it were not against the regulations of the board of health, I would take that relative to my own house. This is the confidence I have in Atlanta's climate and location."

These words were spoken by Dr. Floyd W. McRae yesterday afternoon at the meeting of the board of health. The meeting was called by the mayor on account of the panic that has taken place in Brunswick, and the numbers of people arriving here from there. There were present at the meeting Mayor Goodwin, Chief Inspector Veal, Judge Dorsey, Hon. Tyler Cooper, Alderman Shropshire, and Drs. McRae and Avery, secretary. Dr. J. F. Alexander, chairman of the board of health, was out of the city and Judge Dorsey acted in his stead.

When the meeting adjourned the consensus of opinion was that Atlanta should open her arms to the panic-stricken people of her sister city, and keep them safe upon her broad breast, shielding them from the epidemic, and soothing their fears. As to a quarantine—there was no mention of such an action would be absurd in the extreme. Atlanta's sanitary condition, her elevation, her germ-killing atmosphere and pure air, her good water, all combine to make her just what she is and force her hand of health to take the action it did in allowing the doors to remain open to the unfortunate people who are fleeing from the dread disease.

But with all this, every proper and necessary precaution has been taken to care for any cases of fever or suspicious cases that might come into the city. There is always a slight possibility that yellow fever may show in a person who comes from a stricken town, but there is absolutely no danger of a spread. Inspector Veal has everything ready to handle a suspicious case. The quarantine ambulance will be sent for and the party taken out to the quarantine station where there is room for six patients. The baggage of the person suspected will be fumigated as a precautionary measure, and nothing will be left undone to allay the fears of the more timid, although not the least danger would exist.

As soon as the board of health was called to order yesterday afternoon Mayor Goodwin arose and asked that some statement of the condition of the people found on board the cars be made. Inspector Veal stated that they were all healthy but hungry, and very little excitement appeared to exist among them.

"In answer to Mayor Goodwin's question," said Dr. McRae, "I would like to say that the conditions favorable to yellow fever do not exist in Atlanta; our climate in itself precludes the disease. It may develop here in people coming from the afflicted towns, but it would never go further than those people. I believe that we should open our doors, and I feel that there is practically no danger. I believe that the policy of 1858 should be carried out. The people over the country feel just as I do—that Atlanta is proof against the yellow fever."

"I don't believe that a case of yellow fever can start in Atlanta," said Dr. Avery.

"Yellow fever," said Dr. McRae, "is a specific infectious disease that does not originate in the United States—it has to be brought over from Cuba or Havana in some article or by some one, and then the conditions are favorable in such places as Savannah and Brunswick, and the disease spreads. I may be wrong, but I would not say so. I believe that the policy of 1858 should be carried out. The people over the country feel just as I do—that Atlanta is proof against the yellow fever."

"We are prepared to take care of six sick people," said Inspector Veal. "The house at the quarantine station has four rooms and six cots. I keep a man there to watch the place and attend to it. We have an ambulance that can be brought out when needed. I have a list of all those who arrived today and will furnish a copy to Dr. Kennedy tomorrow."

"These names will assist Dr. Kennedy," observed Dr. McRae. "He will be able to tell how long a person has been in Atlanta. The certificates are issued on application and upon them is placed the date of the traveler's arrival in Atlanta, and a description of the party. The list secured by the inspector gives the place where each person intends stopping; a number are going on through to the world's fair."

## MR. STOCKDELL'S PLAN A GOOD ONE

It Will Put Many More Men to Work. The Men Will Go to Work This Morning and This Noon.

Harry Stockdell is certainly showing himself the friend of the workmen who is out of employment. He has secured the appropriation of \$5,000 from the city treasury with which to put idle men at work. He has secured the aid and friendship of quite a number of the moneyed men of the city who are willing to augment that fund by paying men who want to work out of their own pockets.

And the plan upon which Mr. Stockdell is securing this extraordinary assistance, for that is what it may be called, is one altogether novel and happy.

Early yesterday Mr. Stockdell went to his office, and there found a note from one of the leading merchants of the city, containing the check of \$5,000, as a citizen of Atlanta, for the good work he had done in securing the passage of the resolution setting aside the \$5,000 for the work which was to give the unemployed an opportunity to fill the mouths of those dependent upon them.

"I think," said the letter, "that you have done the poor men of the city about as much good as any man in the city could do. The poor man must have a chance to live, and if he can't get the work from the people, he should have it from the city, the city he has helped to support so long. Now I know that Atlanta is not in the best condition to do this work, but I realize, too, that there are many men in the city who are willing to work for their taxes as you suggested, just to give the men the work they need. I have not paid mine yet, but I'm going to do so today, and I'm not going to do so to save the discount, but to help those who need the work. Besides paying the taxes I owe the city, I'm willing to say to you that I'll be one of any number of men who will pay one man for six days work at the rate of \$1 a day, when that man comes to me with a note from the commissioner of public works stating that he has done six days work. I think if this matter was pushed that it would give many men in the city a showing to do the same thing, for I know that there are many men in Atlanta who will help the poor that much."

The letter opened a new line of thought to Mr. Stockdell, and in less than an hour he had shown it to a dozen of the leading business men of the city, each of whom, after reading it remarked:

"That's a good idea. Just put me down on the same line. I'll do as much. When Captain Wylie sends me a man with a note that he has done six days work, I'll cash the order and throw it away."

More than one of the gentlemen Mr. Stockdell approached said they would pay two, and some of them assured three men of a week's work.

Mr. Stockdell made a memorandum of the names, and when the street committee met he was on hand with a new and happy surprise for the members of the committee.

Responding to the call of the chairman, Mr. Renuau, the members of the street committee convened in the city hall yesterday morning.

Mr. Hill was the only absentee, and his absence was due to the fact that he was out of the city. Mr. Renuau in calling the committee to order stated that the meeting had been called to confer with the committee of public works as to the best manner in which the money provided by Mr. Stockdell's resolution could be expended. He wanted, he said, to know if the committee would talk right out in meeting and give all the advice of which they were capable.

It was then that each of the members of the committee began calling for work in his particular locality. Some of the members brought to light work which had been passed up during the first of the year, but upon which a spade had not been able to throw its shadow.

"Now, that's the way I like to hear the members of the committee talk," said Chairman Renuau, "for it shows me that we have the work to do, and as we have the money appropriated for the work it is certain that the men who want to work will be given the chance."

Commissioner Wylie then from his book showed the work which had been passed up and indicated that when in his opinion it demanded immediate attention. The list was a long one and induced the members of the committee to think that the \$5,000 would not be so easily expended.

"But how will you ask the men for the work?" asked some one of the committee.

"What is your plan, Captain Wylie?" asked Chairman Renuau, who had been conferring with the captain before the meeting and knew the plan Commissioner Wylie had conceived.

"I should think," said Captain Wylie, "that the best plan would be for those who want work to come to the office and register. And then, if I understand the object of the movement we can find who are entitled to work. The object of the resolution as I understand it is to give work to bona fide citizens of Atlanta, who are out of work and who want work. After they have registered in my office the list can be taken to the tax collector's office and compared with the list of registered voters. Those on the list in my office who have registered can be called good citizens of Atlanta, and may be said to be worth a place. Those who are registered in my office and who are not registered in the city tax collector's office cannot be classed as citizens and should not be in the way of those who have. That is about the best way of which I know."

"And I think it is a mighty good plan," said Mr. Northern.

"So do I," said Mr. Peters, "and I know of no better way of accomplishing what we are after."

"I move," said Mr. Colvin, "that the plan Captain Wylie suggests be adopted. It was adopted, and then Mr. Boyles asked how the work should be done, and how the extra money should be apportioned among the wards."

Captain Wylie again read his list of the work that should be done and pointed out as one of the points particularly demanding attention a portion of Gray street.

"Gray street, Gray street," said Mr. Northern. "Let me see. Oh, yes, that is a street in my ward, and great old fifth which has been so neglected that one of the residents has offered a reward for a vehicle,

## HAS HE GONE AWAY?

A Bride of Three Weeks Puzzled Over  
Her Husband's Absence.

TELEPHONED HER HE WAS ARRESTED

And Would Be Carried to Chicago—She  
Asks the Officers to Try and  
Find Him.

A bride of two weeks, in a straw hat, a  
pink gown and with cheeks flushed and  
rosy stepped into the station house keep-  
er's office at police headquarters yesterday  
afternoon to get her husband out.

By way of explanation she added that  
his name was Martin Smith, and had been  
arrested on suspicion and was to be car-  
ried to Chicago, where he was wanted on  
some serious charge. Station House  
Keeper Joiner looked over his docket, but  
the name of Martin Smith was not there.

The young wife, who had come in so ear-  
nerly, did not seem to experience any re-  
lief at this piece of news, but the dis-  
tressed look on her face became several  
shades deeper and her breath came in  
short pants. Seeing that Mrs. Smith was  
not satisfied with what he had told her,  
Captain Joiner referred her to Captain  
Thompson, who went with her to the de-  
tective's office to see if such a man as  
Smith was wanted on any charge.

The young bride of eighteen told her  
story to the officers in a manner indicative  
of deep distress. Three weeks ago she  
married Martin Smith, a young man of  
good standing, whose people reside at  
the house of Leon Sp. Smith, a carpenter  
and at once provided a comfortable home  
for himself and bride at 352 Deatur  
street.

A married life never went smoother than  
theirs, if Mrs. Smith's story is true, and  
there is little reason to doubt it, and they  
began their domestic career under bright  
auspices. Smith kept a good job and the  
two found no reason to regret their step  
in the matrimonial line.

Yesterday morning Smith left home to  
go to his work as usual. He did not re-  
turn to dinner at noon and the young wife  
was exceedingly uneasy, fearing that some-  
thing had happened. About the middle  
of the afternoon she was called to a nei-  
ghoring telephone, and voice which she  
recognized as her husband's, said that he  
was under arrest at police headquarters  
and was going to be carried to Chicago.  
He further told her that he would need his  
clothing and would send down for them  
that day.

Soon after receiving this message Mrs.  
Smith hurried to the police station, eager  
to see her husband, and wondering what  
on earth he could be arrested for. When  
she found that he was not there she was  
more mystified than ever. She began to  
wonder why he had sent her such a mes-  
sage. She could hit upon no solution of  
the matter, except that he had left the  
city, and she asked the officers to arrest  
him, if he could be found.

It was her theory that he had gone to  
Chicago, although she had no other reason  
for thinking so than that he had telephoned  
her that he was to be carried there. She  
could not recall anything he had ever said  
about going there.

Smith had returned at night, and  
his young wife more distressed than  
ever. She returned to police headquarters  
with a picture of her young husband had  
given her and turned it over to Captain  
Thompson so that he could identify Smith.  
There is absolutely no reason why Smith  
should have come from home. He stands  
well and no charge has ever been brought  
against him.

**Arrested and Regulated**  
By that purest and best of botanic altera-  
tives, Hostetter's Stomach Bitters, a dormant  
liver renews its secretive action and impels  
the bile into the proper channels. This wel-  
come change is accomplished by a disappear-  
ance of the yellow tint of the skin and eye-  
balls, uneasiness in the right side, constipa-  
tion, morning nausea, dizziness, dulled ap-  
pearance of the tongue and sourness of the  
breath, which accompany liver trouble,  
rheumatism, dyspepsia, malaria and kidney  
complaint are removed by the Bitters.

**THROUGH SLEEPING CARS**  
Via Big Four Route to the World's Fair.  
We all love comfort, especially when  
traveling, and what a great comfort it is  
to be able to take a sleeping car at your  
own home which runs right through to  
Chicago without change of lands. Passen-  
gers at the entrance gate to the world's  
fair without change or transfer of any kind.  
How can this be accomplished? Why,  
simply by asking your local agent for a  
ticket via the Big Four Route, which is  
absolutely the only line running through  
sleeping cars in connection with the E. T.  
V. & G. R. R. and Queen and Crescent route  
direct to the world's fair grounds and land-  
ing passengers convenient to the world's  
fair hotel district. Through sleeping car  
leaves Macon at 11:15 a. m. Atlanta at 2:30  
p. m., Rome at 4:55 p. m., Chattanooga at 7:25  
p. m., and arrives Chicago at 5:15 p. m. Ask  
for tickets via the Big Four Route, and for  
further information address D. B. Mar-  
tin, general passenger agent, Cincinnati,  
August 21-23.

party for the world's fair will leave next  
Monday at 2:40. Write him at Markham  
house and engraving room. Everybody happy  
that goes with him, no exceptions. Forty  
dollars for all. aug 22-31.

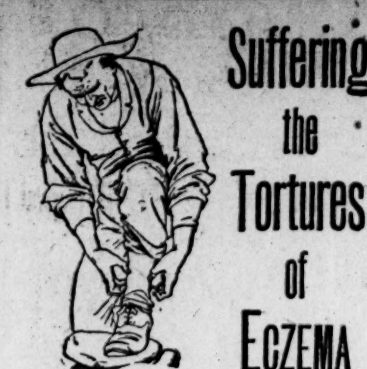

The manufacturers of Atlanta will please  
send in their names and addresses and a  
list of articles they manufacture at once,  
as we are anxious to complete the list.  
Respectfully,
